

IS YOUR BUSINESS IN KNOTS?

KNOTMAGIC GUIDES BUSINESSES
SEARCHING FOR WHAT TO DO NEXT.

As a small business owner, you wear many hats, essentially touching every area of the business. You are the Head of Operations, Sales, and Finance, and probably sweep the floors too. Your sales may be down, and you desire to grow your revenue but lack resources and time, or you may not know where to start developing a go-forward plan.

KnotMagic dives into your business to learn what makes you unique. We organize your business and revenue model and assess potential opportunities. Together we'll simplify the plan to connect your marketing, sales, and team goals - ultimately resulting in a strategy to increase sales revenue with palatable actionable steps.

PROVEN SUCCESS.

"The KnotMagic team helped us plan, start, and operate our new business in less than 6 months. The entire team is phenomenal and becomes an extension of your small or medium-sized business. The team ensured that we met our start-up needs and outcomes in a strategic way."

EMERALD MILLS
